Experience

Clavel AI (clavel.ai)

September 2025 - Present

Frontend Engineer (Full Time)

- Leading frontend development of ShootXpress, a creator-brand collaboration platform, building scalable and high-performance interfaces using **Next.js**, **TypeScript** and **React**, and working closely with **Node.js**, **MongoDB**, and **Azure-based backend systems**.
- Driving frontend architecture, real-time dashboards, role-based workflows, and Stripe payment UI experiences, with a strong focus on performance, usability, and maintainability.
- Previously led frontend development of a dropshipping e-commerce marketplace, implementing OAuth-based integrations with Shopify, Printify, and AliExpress, along with dynamic product catalogs and order-management dashboards.

Book Luxury Yacht (bookluxuryyacht.com)

June 2025 - Aug 2025

Frontend Developer Intern

- Built responsive web pages with animations using **Next.js**, **React.js**, **Tailwind CSS**, and **Framer Motion** to enhance UI and user experience.
- Built role-based dashboards for users, admins, and owners with tailored UI components and access-based features.
- Improved **PageSpeed Insights** score by optimizing assets and performance.
- Contributed to sprint planning and UI/UX refinement based on user testing and stakeholder feedback.

Base Tech

Feb 2024 - April 2024

SDE Intern

- Built the frontend of an exam-preparation platform using **React.js**, enabling users to upload study materials and generate practice questions.
- Developed test-taking and scoring workflows supporting multiple attempts with instant feedback.
- Designed clean and responsive UI layouts for study content, practice questions, and user progress tracking.
- Implemented Redux-based state management to streamline application state and reduce redundant data fetching.
